Principal's Message

"If you can't be a highway, then be just
a trail,
If you can't be the sun, then be a star.
It isn't by the size that you win or
fail
Be the best of whatever you are."

Find that which you can do well and do it with all your might. Strive to do each worthy thing better today than you did it yesterday. Do not let the potentialities within you lie dormant, but develop them so that you will be a useful citizen. Persistent people begin and succeed where others fail. Purpose--Enthusiasm--Perserverance will take you where you want to go in life.
